PROFESSIONAL SUMMARY

Bilingual (English/Arabic) Procurement and Supply Chain Director and Senior Consultant with 20+ years of progressive, cross-sector leadership spanning government, oil and gas, FMCG, manufacturing, and EPC construction. Career reflects deliberate strategic progression — from operational purchasing through cluster management and directorship to senior consultancy — accumulating deep expertise in procurement transformation, strategic sourcing, process improvement, policy development, digital procurement, and change management. Trusted by BP, Maersk, Kaplan, and Saudi government ministries (MoE, MoI, MoF, MoD) to architect and deliver transformational programs at scale, with a consistent record of \$100M+ in cost savings and sustained operational uplift.

KEY ACHIEVEMENTS

- Delivered **\$100M+** in cost savings and avoidance through strategic sourcing, spend analysis, category management, and negotiation frameworks across government and private sector clients.
- Co-founded two general departments at MoE, built a proprietary **Transformation Maturity Model**, and led **procurement transformation** programs for multi-billion SAR mega-projects under Vision 2030.
- Deployed ERP and **digital procurement** platforms (SAP MM/SCM, Ariba, MS Dynamics 365, IFS, JD Edwards, Odoo) achieving **100% spend visibility** across KSA, Georgia, and Jordan.
- Reduced **total cost of ownership (TCO)** by up to **50%** and improved supply chain efficiency by **100%** through lean and agile transformation programs.
- Trained and developed hundreds of procurement leaders across MoE, MoI, MoF, MoD, Saudi Airlines, Oman, the UK, and Jordan.

CAREER HISTORY

Procurement & Supply Chain Director / Senior Management Consultant

Norconsult | Kaplan | EPRO | ETI | and others

Saudi Arabia · Sept. 2014 – Present

Consolidated senior consulting portfolio across public sector reform, energy, education, and industrial sectors — framed as a unified engagement to reflect deliberate cross-sector expertise accumulation.

► Ministry of Education (MoE) — Institutional Transformation & Mega-Project Procurement

- Co-founded** the General Department of Projects Implementation and the General Department of Institutional Transformation within the MoE Institutional Transformation Agency — architecting governance structures, operational models, delivery frameworks, and reporting hierarchies from inception.
- Designed and deployed a proprietary **Transformation Maturity Model** adopted as the Ministry's official benchmark for measuring institutional reform readiness and progress — the first of its kind within the MoE.
- Developed end-to-end **transformation methodologies and process improvement frameworks** covering procurement cycle governance, tendering workflows, supplier onboarding, and contract management — reducing process cycle times and eliminating bottlenecks across the department.
- Authored and implemented **procurement policies and standard operating procedures (SOPs)** aligned with Saudi Procurement Competition Law, enabling consistent, compliant, and auditable procurement practices across multi-billion SAR strategic initiatives.
- Led **strategic sourcing** and **contract lifecycle management (CLM)** for mega-projects under Vision 2030; validated Power BI dashboard outputs to ensure accuracy and operational feasibility of spend and delivery data.
- Embedded a **change management architecture** — stakeholder engagement plans, communication frameworks, resistance management protocols — that elevated organisational capacity and secured buy-in across leadership layers for large-scale reform.

► **Kaplan — Procurement Transformation & Process Redesign (Education Sector)**

- Led **procurement process improvement** and operational transformation for Kaplan's regional operations — mapping existing workflows, identifying inefficiencies, and redesigning end-to-end sourcing and contracting processes to align with international best practices.
- Developed and implemented **procurement policies and governance frameworks** that standardised purchasing practices, introduced accountability structures, and reduced maverick spend.
- Achieved **10% savings on annual spending** through structured strategic sourcing and supplier rationalisation without compromising quality or service continuity.

► **Ministry of Interior (Mol) & Saudi Airlines — Change Management & Policy Implementation**

- Designed and delivered **change management programmes** and structured training for Mol and Saudi Airlines procurement teams on Saudi Procurement Competition Law, local content requirements, and supplier governance — equipping teams with policy-compliant procurement practices.
- Developed **procurement policy playbooks and training curricula** customised to each organisation's operational context, resulting in measurable improvements in procurement compliance, team capability, and spend control.
- Facilitated **stakeholder engagement workshops** with senior leadership to align procurement transformation roadmaps with institutional strategy and Vision 2030 targets.

► **Cross-Sector Consulting Delivery**

- Deployed ERP and **digital procurement** platforms (SAP MM/SCM, Ariba, MS Dynamics 365, IFS, JD Edwards, Odoo) across KSA, Georgia, and Jordan — achieving **100% spend visibility** and centralised procurement governance.
- Established KPI frameworks and performance dashboards driving a **50% improvement in on-time contract delivery**; reduced excess inventory by **60%** while increasing inventory turns **4x**.
- Led Jeddah Chamber of Commerce performance assessment (2023), securing **#1 ranking among 28 chambers** in Saudi Arabia through a structured KPI governance framework.
- Delivered **\$100M+** in cumulative cost savings through spend analysis, category management, **value engineering**, and advanced negotiation across diverse client portfolios.
